Special event with 'Meet The Parents'

We would like to invite you to an invaluable, one-off Meet the Parents evening. This event is for all parents and carers who are looking to choose a new school for their child and would like to find out more about West Hampstead Primary school.

You will get the chance to visit the school, meet the headteacher and speak to current parents and children about the school - to get the inside story!

The event is in the evening so that all working parents can attend. Refreshments will be provided.
